November 7, 2018

Dear Columbian Parents and Guardians:

The Omaha Public Schools Foundation and Columbian Elementary are thrilled to announce an exciting new parent-pay Pre-Kindergarten program beginning in August of the 2019-2020 school year.

This classroom is for four and five year old children who will be starting Kindergarten during the following school year. The program is a full day academic and social interaction format with before and after school care offered at each site.

The program cost will be \$185 per week, paid in advance each Monday, with an annual registration fee of \$50. Space is limited and a lottery will be held if registrations surpass the available slots. The registration fee will be due upon notification into the program by the Omaha Public Schools Foundation. Registration forms may be picked up in January at the school's office and are due to the Omaha Public Schools Foundation office 3861 Farnam Street. Please contact Staci Gowan at 531-299-9601 for further details.

We are so excited to be able to offer this wonderful program at Columbian starting August 2019. We look forward to building a strong foundation for children as they begin their educational journey with the Omaha Public Schools.

Sincerely,

Staci Gowan
